

DICE AND DRAW

idea generator

You'll need

A dice, a piece of paper and pens/pencils.

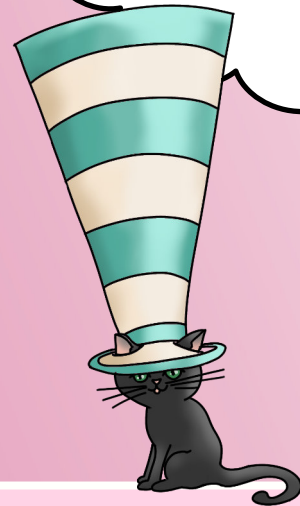

Get started

Sometimes it's hard to know where to start. The Dice and Draw will get your pencil moving and ideas flowing!

Have a brainstorm, and fill in the idea chart. The first one is done as an example.

Each person needs to roll the dice 3 times. Match each roll to its idea from your chart.

Put the 3 ideas together to get your subject. Start drawing, and even turn it into a story!

	Roll #1 Describing	Roll #2 Who/What	Roll #3 What's happening
	Tiny	Cat	Wearing a big hat

Why shouldn't you draw with a broken pencil?
There's no point!
